

PARTcommunity

First steps

With this brief instruction we would like to help you getting started with target group specific marketing on PARTcommunity, the established platform for exchanging information about design and engineering.

Content

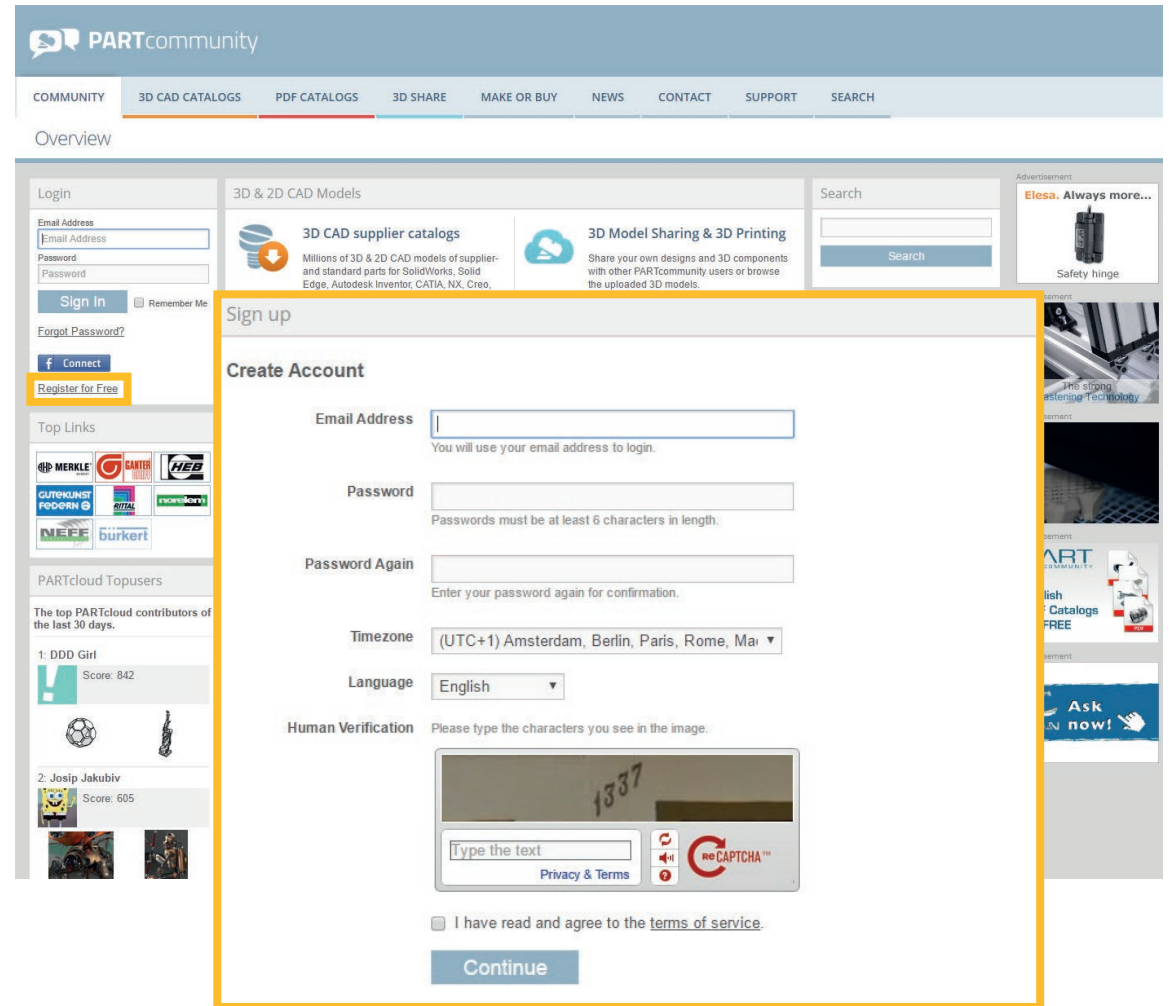

- Registration
- Login
- Publish news
- Create and manage groups
- List events
- Create PDF Catalogs
- Pins
- 3D Share/PARTcloud

The screenshot shows the PARTcommunity website interface. At the top, there are navigation tabs: COMMUNITY, 3D CAD CATALOGS, PDF CATALOGS, 3D SHARE, MAKE OR BUY, NEWS, CONTACT, SUPPORT, and SEARCH. Below the tabs is an 'Overview' section. On the left, there is a 'Login' form with fields for 'Email Address' and 'Password', and buttons for 'Sign In', 'Remember Me', 'Forgot Password?', 'Connect', and 'Register for Free'. Below the login form is a 'Top Links' section with logos for MERKLE, GANTER, HEB, GUTEKUNST FEDERN, DITAL, and bürkert. The main content area is divided into several sections: '3D & 2D CAD Models' featuring '3D CAD supplier catalogs' and '3D Model Sharing & 3D Printing'; 'Recommended Activities' with buttons for 'PDF Catalogs', 'Groups', 'Filters & Assistants', and 'Make or Buy'; and 'Recent Activities' showing a document creation by Kornelija Milijc. On the right side, there is a 'Search' bar, '103 Members Online' with a grid of user avatars, and 'Network Statistics' listing various metrics like Members, Friendships, Posts, Comments, etc. There are also several advertisements on the right side, including one for 'Elesa. Always more...' and another for 'Ask CAN now!'.

Registration

Register as new user

1. Go to www.partcommunity.com
2. Click **Register for Free**
3. Type in your email address
4. Enter your desired password
5. Choose your preferred language
6. Accept the Terms of Service
7. Click **Continue**

The screenshot shows the PARTcommunity website's registration interface. The navigation bar includes 'COMMUNITY', '3D CAD CATALOGS', 'PDF CATALOGS', '3D SHARE', 'MAKE OR BUY', 'NEWS', 'CONTACT', 'SUPPORT', and 'SEARCH'. The main content area is divided into sections: 'Login' with fields for 'Email Address' and 'Password', and a 'Sign In' button; '3D & 2D CAD Models' with promotional banners for '3D CAD supplier catalogs' and '3D Model Sharing & 3D Printing'; and a 'Search' bar. The 'Register for Free' button is highlighted in yellow. Below the login section is a 'Top Links' area with various company logos and a 'PARTcloud Topusers' section listing 'DDD Girl' (Score: 842) and 'Josip Jakubiv' (Score: 605). The 'Create Account' form is highlighted with a yellow border and includes fields for 'Email Address', 'Password', 'Password Again', 'Timezone', and 'Language'. It also features a 'Human Verification' section with a CAPTCHA image showing the number '1337' and a 'Continue' button at the bottom.

Registration

Register as new user

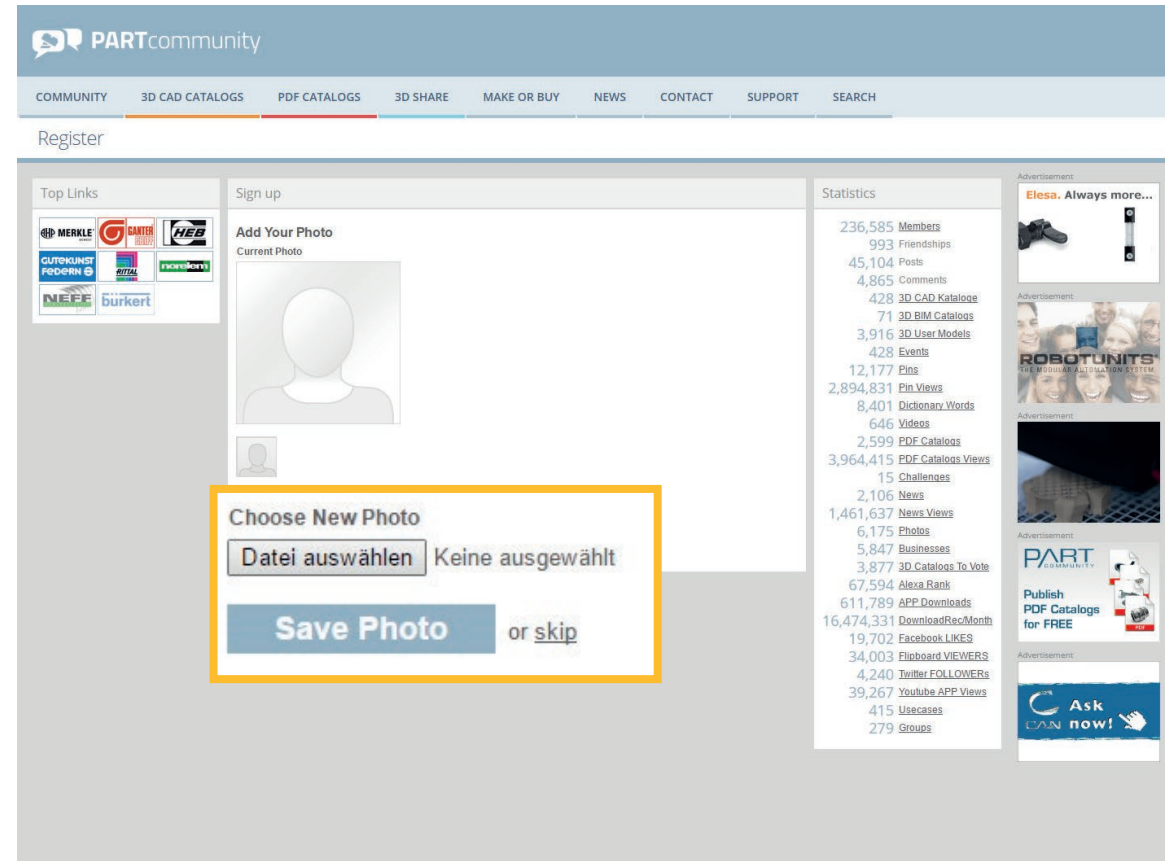

8. Enter your **First Name**, **Last Name**, your **Company**, **ZIP Code** and your **Country**
9. All other entries are optional
10. After editing your profile information, click **Save** at the end of the page

The screenshot shows the registration page for PARTcommunity. At the top, there is a navigation bar with the logo and menu items: COMMUNITY, 3D CAD CATALOGS, PDF CATALOGS, 3D SHARE, MAKE OR BUY, NEWS, CONTACT, SUPPORT, and SEARCH. Below this is a 'Register' section with a 'Sign up' form. The form includes a 'Profile Information' section with input fields for First Name, Last Name, Company, and a dropdown for Country. There is also a 'CAD' section with checkboxes for various software: No CAD, Altibre, Archicad, Autocad, Aavea, Catia, Cimatron, Draftsight, Google Sketchup, Gstarcad, Hicad, Ideas, Intallicad, Inventor, Ironcad, Keycreator, Kompas, METO, and Menocad. Below the form are three optional fields: Website, Twitter, and Facebook, each with an input box. A blue 'Save' button is at the bottom of the form. To the right of the form is a 'Statistics' sidebar listing various metrics: 236,585 Members, 993 Friendships, 45,104 Posts, 4,865 Comments, 428 3D CAD Catalogs, 71 3D BIM Catalogs, 3,916 3D User Models, 428 Events, 12,177 Pins, 2,894,822 Pin Views, 8,401 Dictionary Words, 646 Videos, 2,599 PDF Catalogs, 3,964,399 PDF Catalogs Views, 15 Challenges, 2,106 News, 1,461,635 News Views, 6,175 Photos, 5,847 Businesses, 3,877 3D Catalogs To Vote, 67,594 Alexa Rank, 611,789 APP Downloads, 16,474,331 DownloadRec/Month, and 19,702 Facebook LIKES. There are also several advertisements on the right side, including one for 'Elesa. Always more...' and another for '2-in-1 3D PRINTER'.

Registration

Register as new user

11. You are forwarded to **Add Photo** automatically to select a photo or image to your profile. Selecting a profile photo is optional
12. Go to **Select File** and **Save Photo** or **skip**
13. After successful registration, you will receive a confirmation mail to the email address you've stated

News & Blogs

Create news reports

- Reports that have already been published can be edited at any time. Go to **My Entries**, choose the respective entry and then click **Edit Entry**

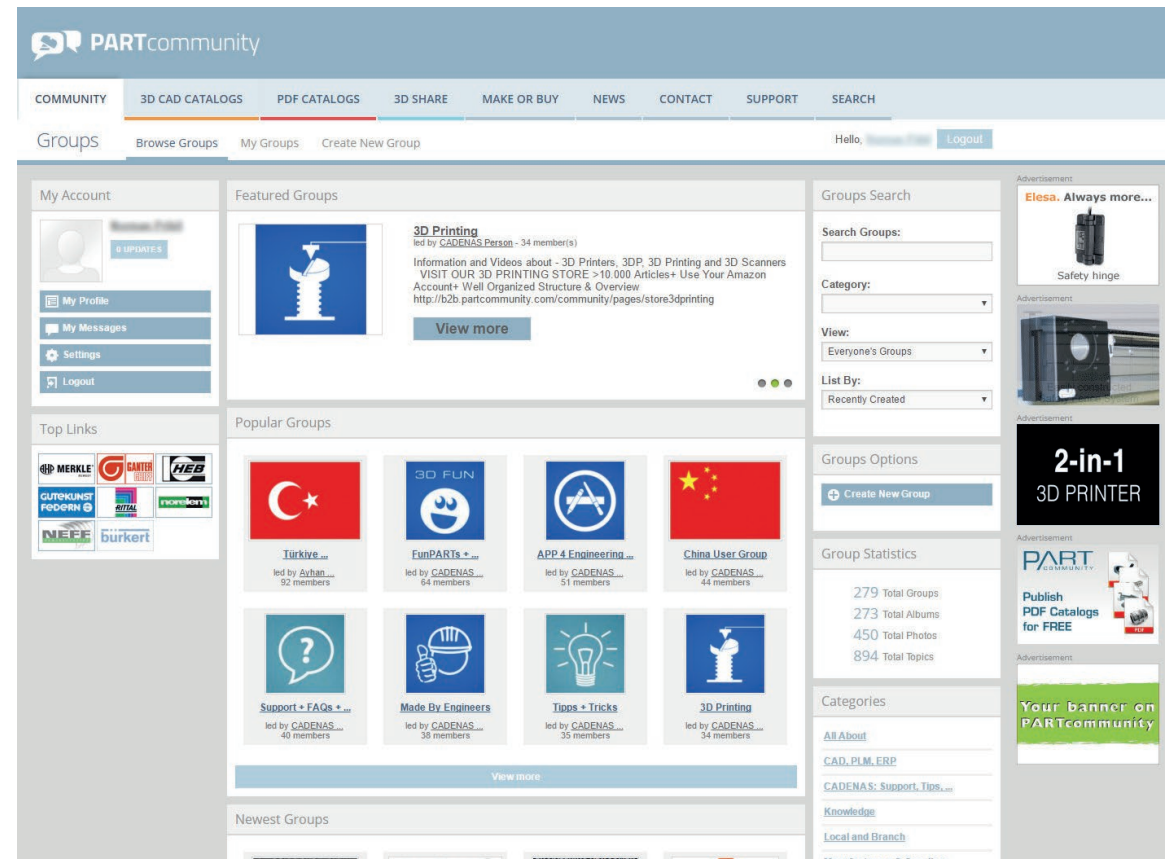

The screenshot shows the PARTcommunity News & Events page. The navigation bar includes links for COMMUNITY, 3D CAD CATALOGS, PDF CATALOGS, 3D SHARE, MAKE OR BUY, NEWS, CONTACT, SUPPORT, and SEARCH. The 'My Entries' tab is highlighted in orange. A yellow box highlights the 'Edit Entry' and 'Delete Entry' buttons for a news entry. The interface shows a list of news items with their titles, authors, and publication dates. The 'Edit Entry' button is a blue square with a pencil icon, and the 'Delete Entry' button is a blue square with an 'X' icon.

Groups

Look for direct contact to designers, engineers and buyers and start your own group on PARTcommunity.

Present your company and products with many interesting features:

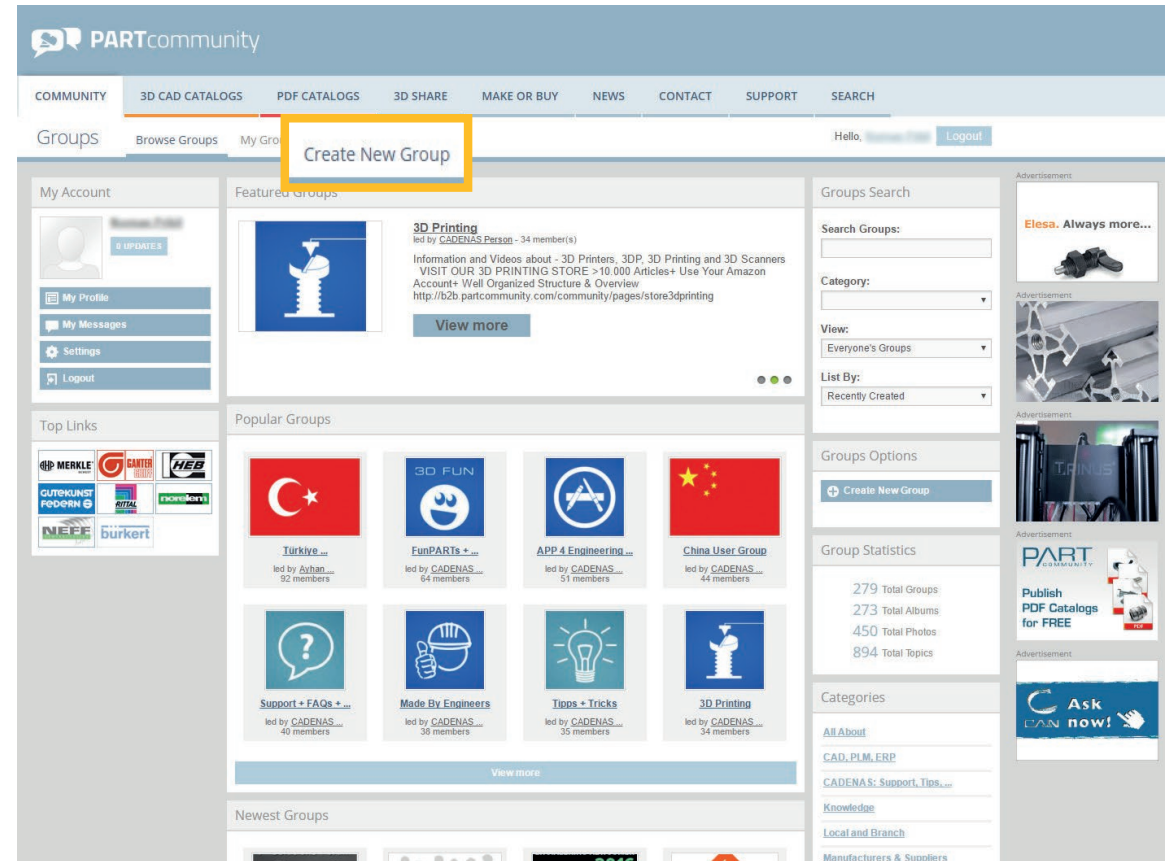

- Comments and use case examples
- Photos, photo albums and video linking
- Direct communication with customers and prospects
- Upload of PDF Catalogs
- Group events

Groups

Create a new group

1. Login with your email address
2. Go to **Groups**
3. Click **Create New Group**

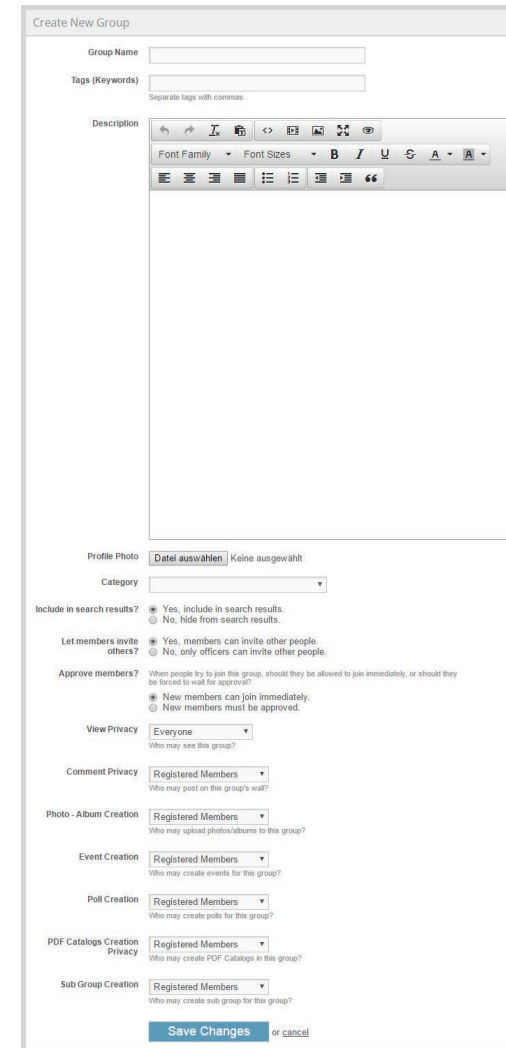

The screenshot shows the PARTcommunity website interface. The navigation bar includes links for COMMUNITY, 3D CAD CATALOGS, PDF CATALOGS, 3D SHARE, MAKE OR BUY, NEWS, CONTACT, SUPPORT, and SEARCH. The 'Groups' section is active, and the 'Create New Group' button is highlighted with a yellow box. The main content area displays featured groups, including '3D Printing' (led by CADENAS.Person - 34 member(s)), 'Türkiye...' (led by Ayhan... - 52 members), 'FunPARTS...' (led by CADENAS... - 64 members), 'APP 4 Engineering...' (led by CADENAS... - 51 members), 'China User Group' (led by CADENAS... - 44 members), 'Support • FAQs...' (led by CADENAS... - 40 members), 'Made By Engineers' (led by CADENAS... - 39 members), 'Tips • Tricks' (led by CADENAS... - 35 members), and '3D Printing' (led by CADENAS... - 34 members). The right sidebar contains a search bar, group statistics (279 Total Groups, 273 Total Albums, 450 Total Photos, 894 Total Topics), and a 'Create New Group' button.

Gruppen

Neue Gruppe starten

4. Assign a **Group Name** for your group
5. Create a short **Description**
6. Upload a descriptive **Profile Photo** for your group (optimal size 180 x 180 px)
7. Under **Approve members** you can decide, whether users can enter directly or if prior verification is necessary. This is recommended for groups with **trust-worthy content**.
8. Under **View Privacy** you define, who is allowed to see the content of a group:
 - „Everybody“: Even users who are not registered are allowed to see contents
 - „Registered members“: Only registered PARTcommunity users may see the content
 - „All group members“: Only confirmed group members may see the content
9. Under **Comment Privacy, Photo Uploads, Event Creation and PDF Catalogs** Creation Privacy you can define, who may create contents in this group.

The screenshot shows the 'Create New Group' form with the following fields and options:

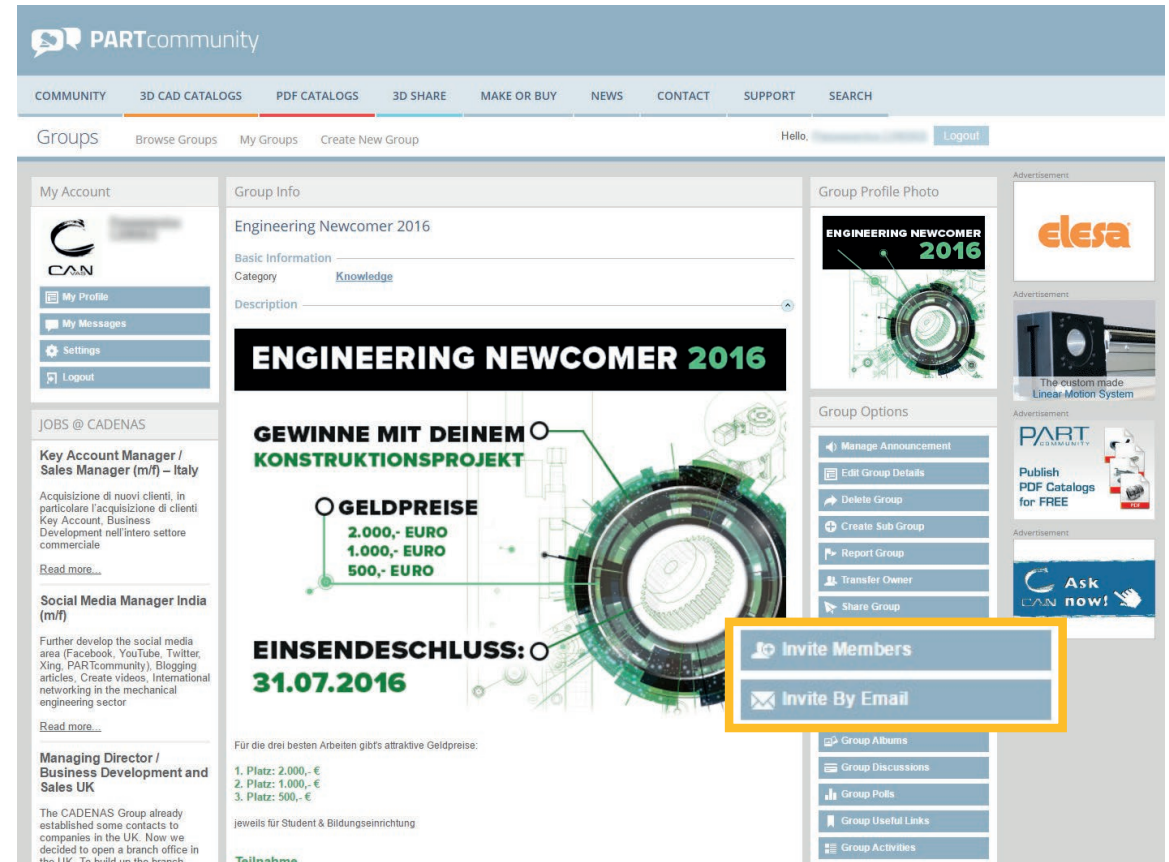

- Group Name:** Text input field.
- Tags (Keywords):** Text input field with a note 'Separate tags with commas'.
- Description:** Rich text editor with a toolbar containing icons for undo, redo, bold, italic, underline, link, unlink, list, and quote. Below the toolbar are dropdown menus for 'Font Family' and 'Font Sizes', and buttons for 'B', 'I', 'U', 'A', and 'A'.
- Profile Photo:** A button labeled 'Datei auswählen' and the text 'Keine ausgewählt'.
- Category:** A dropdown menu.
- Include in search results?:** Radio buttons for 'Yes, include in search results.' (selected) and 'No, hide from search results.'
- Let members invite others?:** Radio buttons for 'Yes, members can invite other people.' (selected) and 'No, only officers can invite other people.'
- Approve members?:** Text: 'When people try to join this group, should they be allowed to join immediately, or should they be forced to wait for approval?' Radio buttons for 'New members can join immediately.' (selected) and 'New members must be approved.'
- View Privacy:** A dropdown menu with 'Everyone' selected. Text below: 'Who may see this group?'
- Comment Privacy:** A dropdown menu with 'Registered Members' selected. Text below: 'Who may post on the group's wall?'
- Photo - Album Creation:** A dropdown menu with 'Registered Members' selected. Text below: 'Who may upload photos/albums to this group?'
- Event Creation:** A dropdown menu with 'Registered Members' selected. Text below: 'Who may create events for this group?'
- Poll Creation:** A dropdown menu with 'Registered Members' selected. Text below: 'Who may create polls for this group?'
- PDF Catalogs Creation Privacy:** A dropdown menu with 'Registered Members' selected. Text below: 'Who may create PDF Catalogs in this group?'
- Sub Group Creation:** A dropdown menu with 'Registered Members' selected. Text below: 'Who may create sub-group for this group?'

At the bottom of the form are two buttons: 'Save Changes' and 'or cancel'.

Groups

Invite members

1. After the group is created, open the group profile page
2. On the left side click **Invite Members** and choose the corresponding PARTcommunity users
3. Here you can also edit group details and send messages to group members.

Groups

Work with groups

In your group you have numerous possibilities for presentation and communication:

1. Updates

Short comments, that are directly shown in the activity feed of the group

2. Members

Display and administer group members

3. Discussions

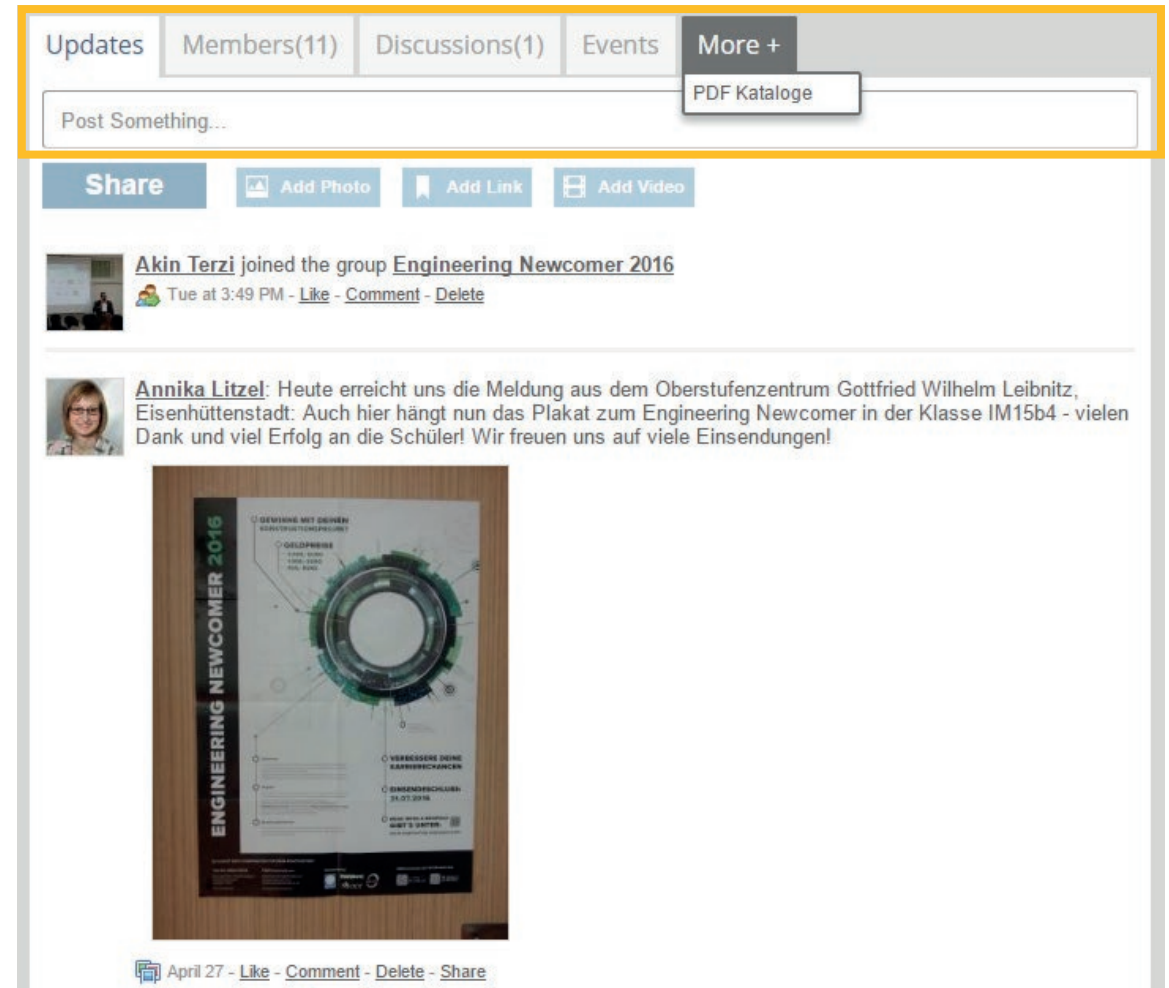

Display and create forum threads

4. Events

Display and create group events
> see Events

5. More +

Display and upload PDF catalogs
> see PDF catalogs

The screenshot shows a group interface with the following elements:

- Navigation tabs: Updates, Members(11), Discussions(1), Events, More +
- A dropdown menu under 'More +' containing 'PDF Kataloge'.
- A text input field for posting: 'Post Something...'
- Action buttons: Share, Add Photo, Add Link, Add Video
- Post 1: Akin Terzi joined the group **Engineering Newcomer 2016**. Tue at 3:49 PM - Like - Comment - Delete
- Post 2: Annika Litzel: Heute erreicht uns die Meldung aus dem Oberstufenzentrum Gottfried Wilhelm Leibnitz, Eisenhüttenstadt: Auch hier hängt nun das Plakat zum Engineering Newcomer in der Klasse IM15b4 - vielen Dank und viel Erfolg an die Schüler! Wir freuen uns auf viele Einsendungen!
- Image of a poster titled 'ENGINEERING NEWCOMER 2016' with a circular diagram and text: 'GEMEINSAM MIT DENNEN WIRTSCHAFTSLEISTUNG', 'GELOBBUNG 1000 EURO', 'VORBEREITUNG DURCH KARRIERBEREITUNG', 'ERENDENSCHLUSS: 21.07.2016', 'HILFE MIT EINER GUTEN GUT 3 GUTEN'.
- Post 3: April 27 - Like - Comment - Delete - Share

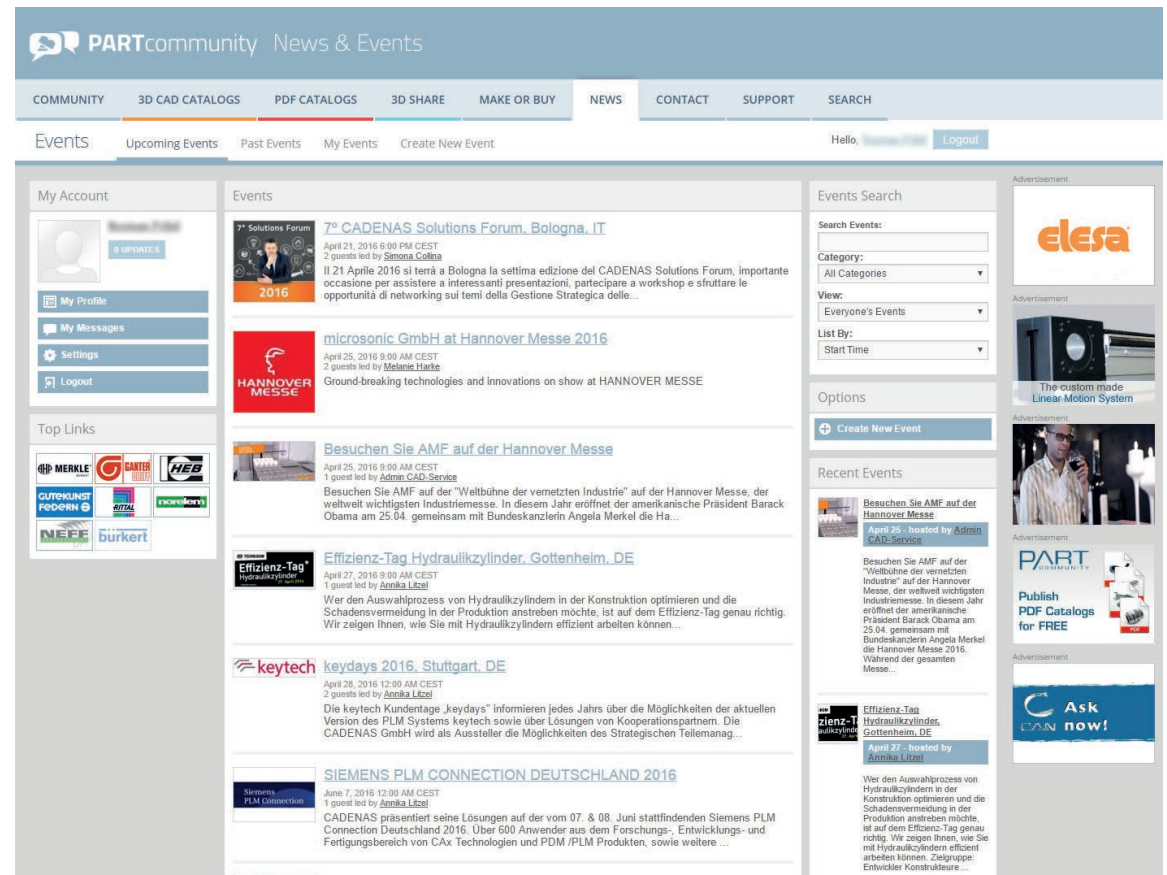

Events

Use PARTcommunity to promote events, trade fairs or trainings in the event area.

Publish all important detail about your events regarding topics like mechanical-, electrical- and electronic engineering, architecture and shipbuilding.

Features:

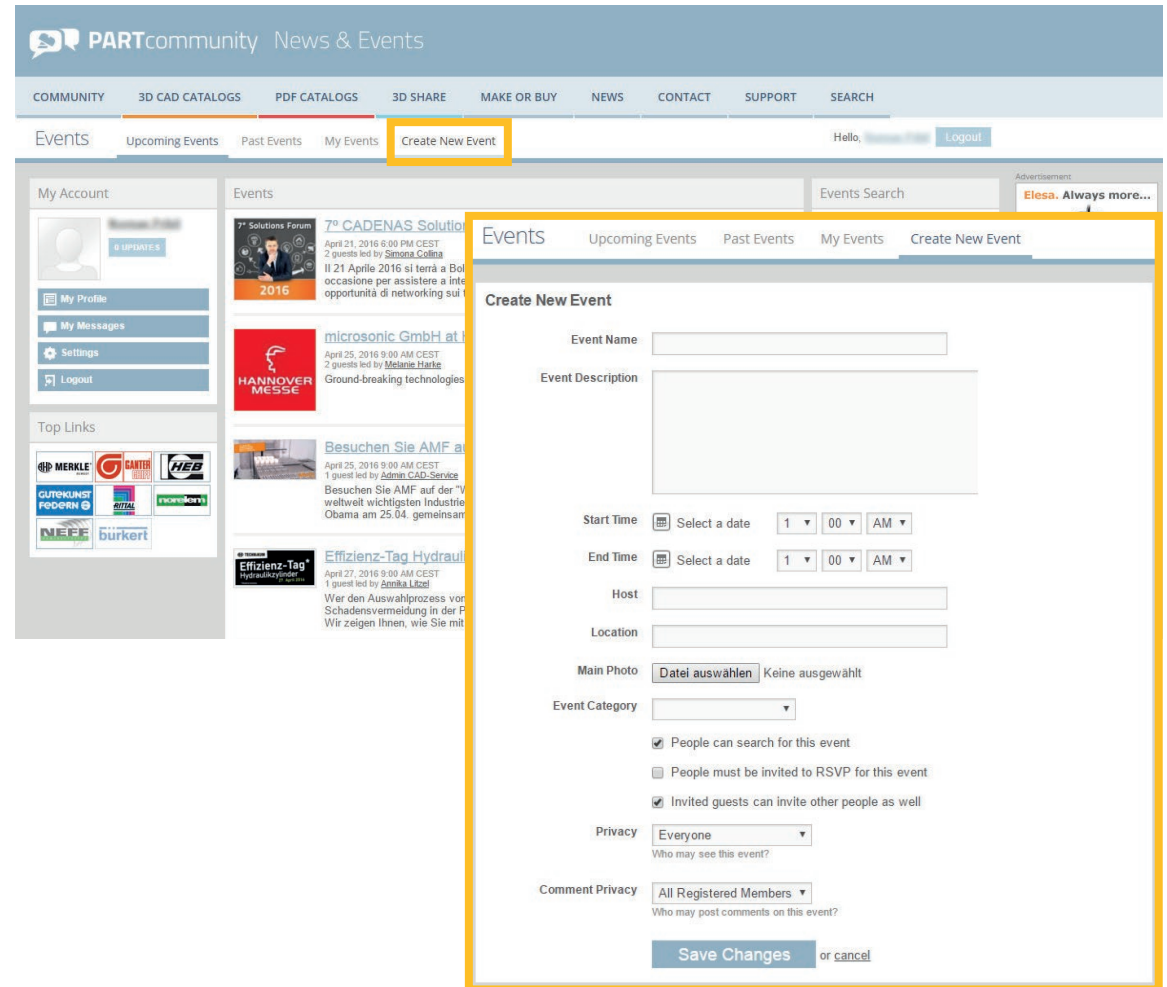

- Share your events with customers and prospects
- Comments and discussion forum
- Manage participants
- Upload and link photos

Events

Create appointments

1. Go to **NEWS > Events**
2. Click on the tab **Create New Event**
3. Assign an **Event Name**
4. Create an **Event Description** for your event
5. Enter **Date, Location** and the **Host**, e.g. your company name
6. You can assign a group profile picture to your event at the option **Main Photo**
7. Under **Privacy** and the invitation options you can pinpoint, who may see this event and if there should be any restrictions for the invitations. The standard settings allow any PARTcommunity user to take part at the event.
8. Under **Comment Privacy and Photo Uploads** you can restrict the options for event participants
9. Once you are finished click **Save Changes**

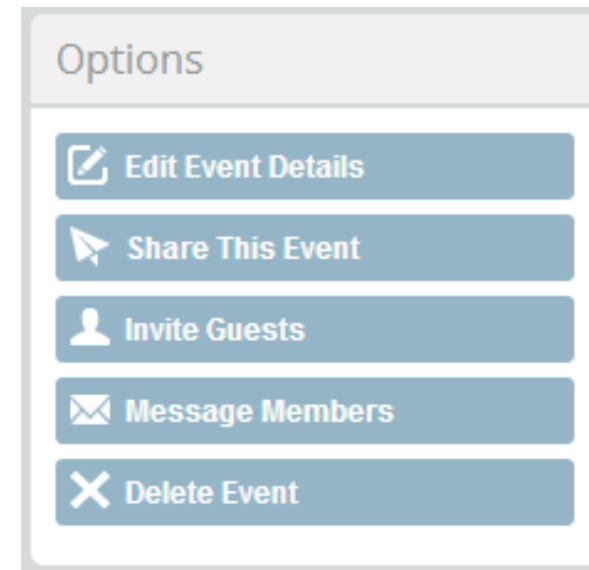

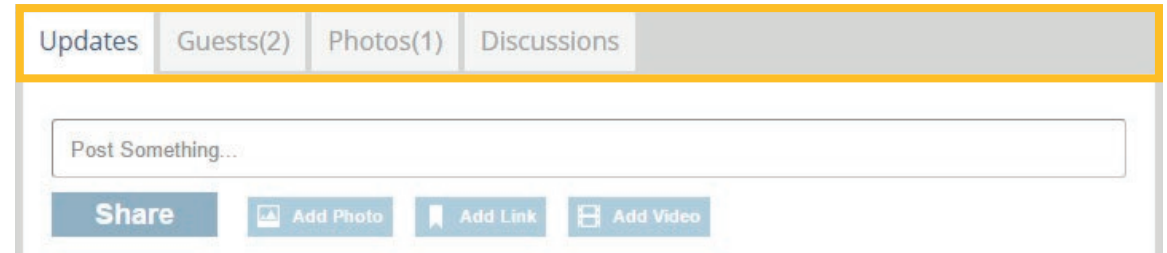

The screenshot shows the PARTcommunity website interface. The top navigation bar includes 'COMMUNITY', '3D CAD CATALOGS', 'PDF CATALOGS', '3D SHARE', 'MAKE OR BUY', 'NEWS', 'CONTACT', 'SUPPORT', and 'SEARCH'. The 'Events' section is active, with a 'Create New Event' button highlighted. The main content area displays a list of events, including '7° Solutions Forum', '7° CADENAS Solution', 'microsonic GmbH at HANNOVER MESSE', 'Besuchen Sie AMF auf der TV', and 'Effizienz-Tag Hydraulik'. The 'Create New Event' form is open, showing fields for 'Event Name', 'Event Description', 'Start Time', 'End Time', 'Host', 'Location', 'Main Photo', 'Event Category', 'Privacy', and 'Comment Privacy'. The form includes checkboxes for 'People can search for this event', 'People must be invited to RSVP for this event', and 'Invited guests can invite other people as well'. The 'Privacy' dropdown is set to 'Everyone' and the 'Comment Privacy' dropdown is set to 'All Registered Members'. The form concludes with 'Save Changes' and 'or cancel' buttons.

Events

Other Options

1. On the profile page of the events similar options as in groups are available:
 - **Updates**
 - **Guests**
 - **Photos**
 - **Discussions**
2. Moreover you have the possibility to invite guests or inform other PARTcommunity users, as well as editing event details.

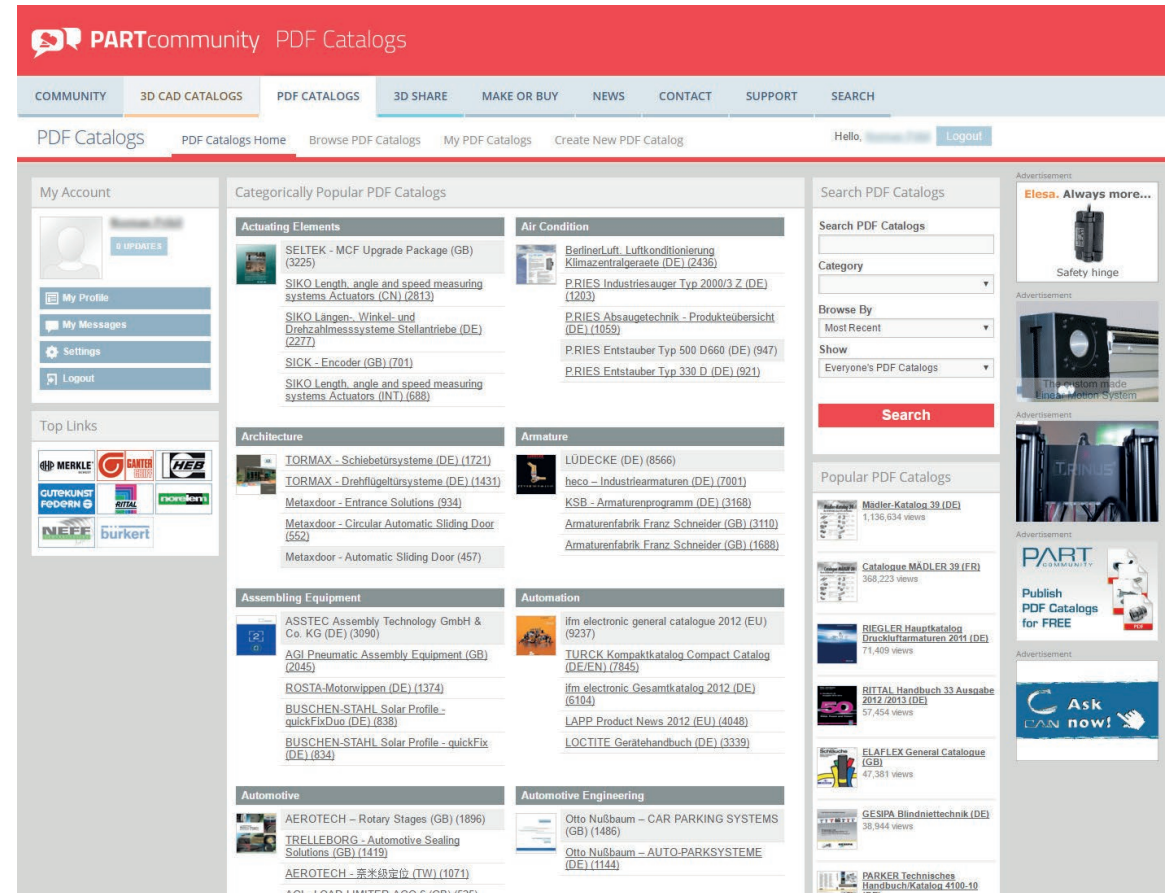

PDF Catalogs

Besides 3D CAD Models you can publish your PDF catalogs with additional information for engineers and purchasers for free on PARTcommunity. The PDF catalog upload is available even if you do not have a 3D CAD product catalog by CADENAS yet.

Features:

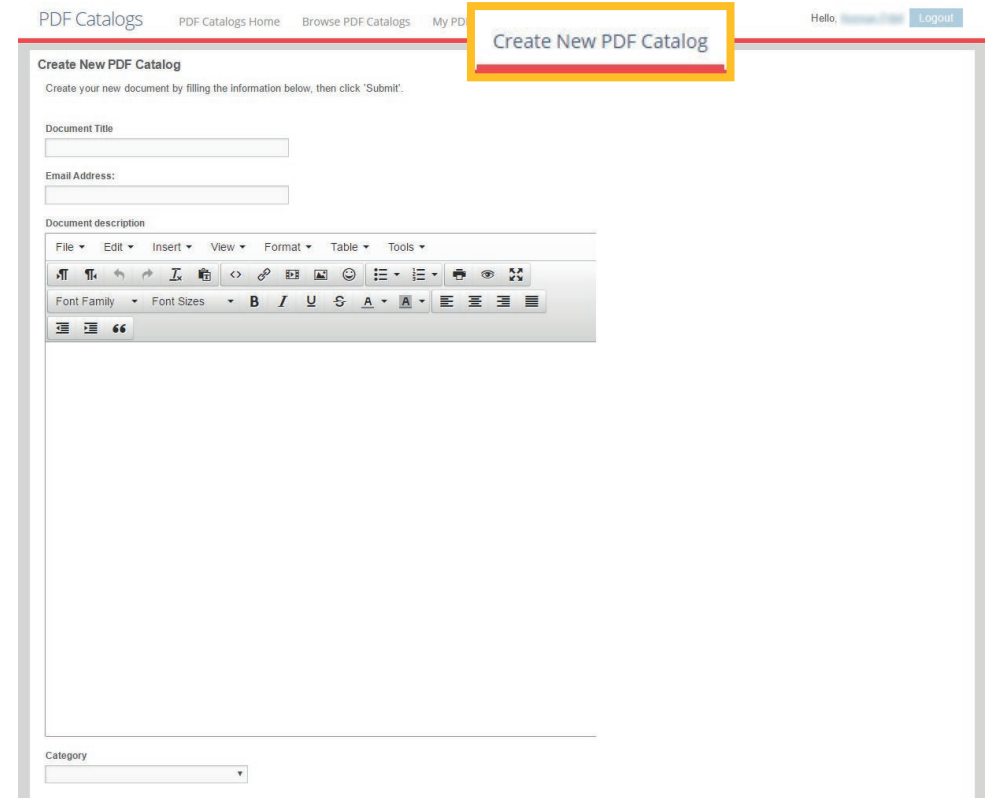

- Full-text search
- Highlighting catalogs that were opened frequently
- Share your catalog with customers and prospects
- Categorization of the catalogs
- Direct link to your 3D CAD download portal
- See who is interested in your PDF catalog
- Get direct enquiries about your PDF catalog or products via e-mail

PDF Catalogs

Create PDF Catalogs

1. Go to **PDF CATALOGS > Create New PDF Catalog**
2. Enter the Document Title. The title must contain the name of the manufacturer, the catalog and the language of the PDFs
> e.g. (DE) for German, (EN) for English, etc. OR (EU) for European or (INT) for international editions.
Example: Smith's Standard Parts 2014 (EN)
3. We recommend a **Document description** by inserting a table of contents and if necessary further information.
4. Please choose place the link to your CAD catalog in the field **Insert > Insert link**. It generates a link button leading the user to your product catalog immediately.
5. Choose a **Category** which describes the products of the PDF catalog the best. Unfortunately, only one category can be chosen.
6. Please insert the link to your PDF catalog in the field **Link**.
This way a link button is generated that leads visitors directly to the electronic product catalog. In case you do not have an electronic product catalog, yet, please skip this step.

Pins

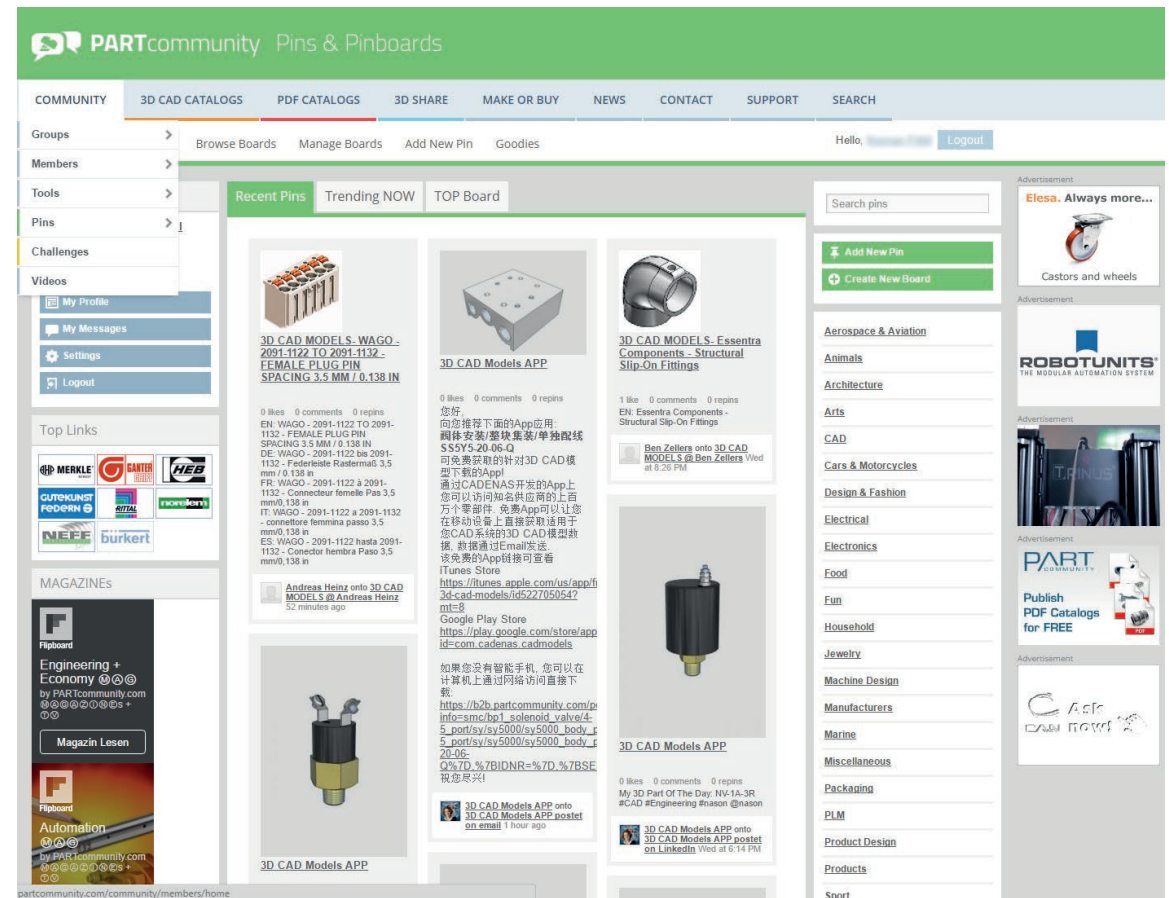

You have published interesting product photos on your website or your social media platform?

Now go forward pinning them onto your own pin board.

Pin boards are a source of inspiration for engineers, dealing with technics and product development.

Features:

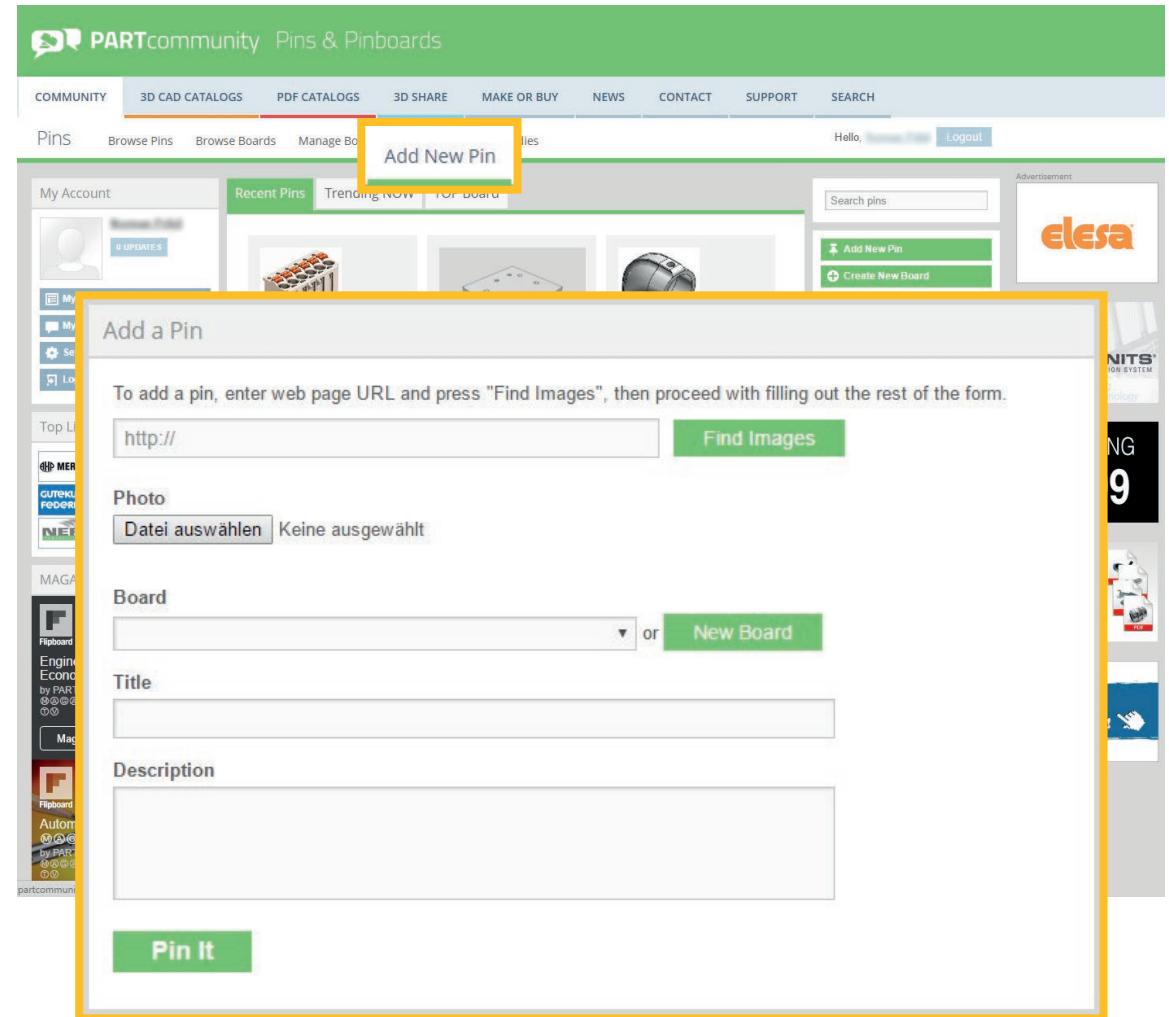

- Easy handling by drag & drop
- No need to upload pictures because pinned pictures are already published
- Pinned images link to the original source (e. g. your website)

Pins

How to create a new pin

1. Go to **PINS > Add New Pin**
2. To create a new pin fill in the URL of your site or pic in the field and confirm by **Find Images** or choose a file from your hard disk
3. Select on which board you want the pin to be published in the dropdown list underneath **Board** or generate a **New Board**. For creating a new pin board enter a name and click Save
4. Add a **Title** for your Pin
5. Add a **Description** to your pin
6. To post your pin click on the **Pin It** button

Pin It

Pins

Generate a pin button

There is another more comfortable way to pin your pictures with a drag & drop function

1. Go to **PINS > + PIN IT Button**
2. To generate a Pin It button for your web browser click on the **Pin It** button and add it to your browsers bookmarks toolbar by drag and drop. By now you will be able to pin web content straight to your pin board just clicking the button and selecting the appropriate image from the pop up window.
3. Furthermore you have the option to create a **"Pin It" button** similar to Facebook's "like" button for installation on your web page. Therefore fill the URL of your page or image into the given field and click on **Generate Code**

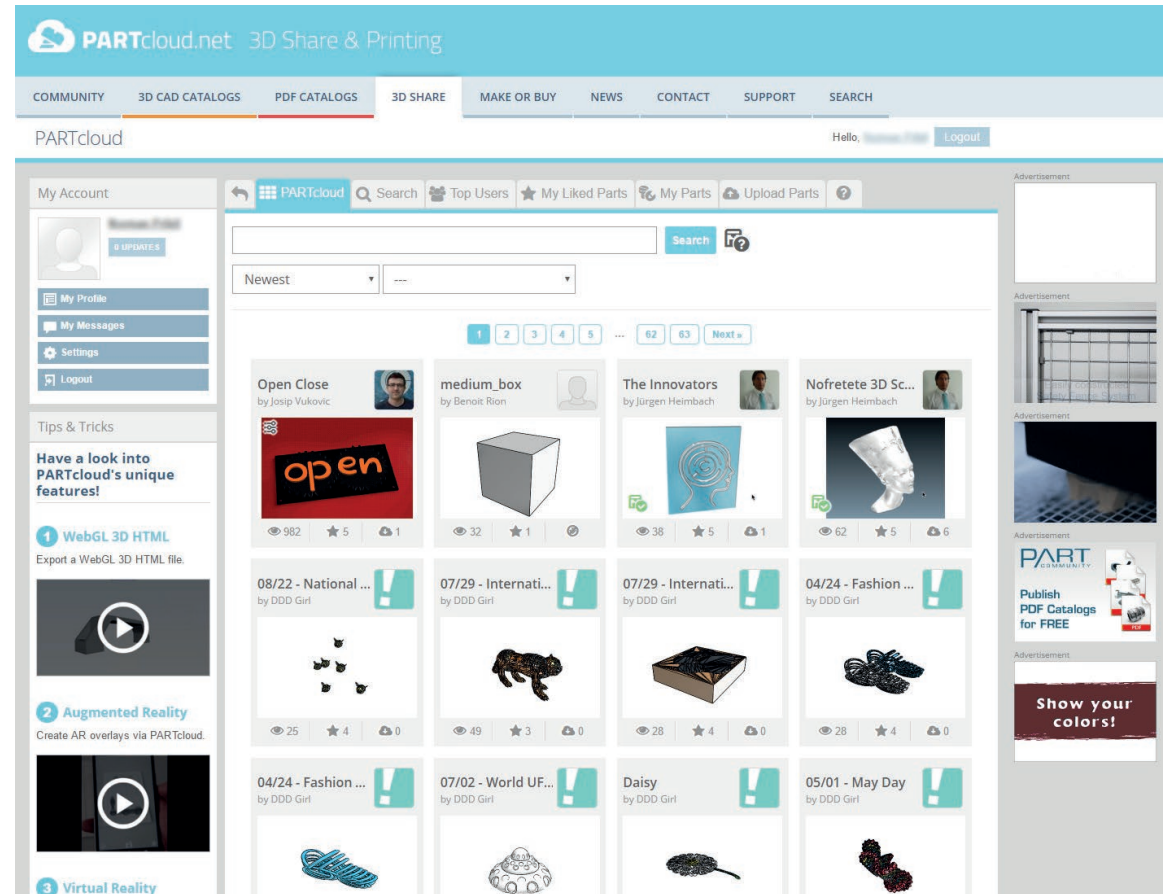

3D Share

PARTcloud enables PARTcommunity members to upload 3D CAD models of their own engineered parts. Those can be downloaded and used by friends and colleagues. Check out our community for promoting your parts and upload some of your own components to our [3D Sharing Plattform PARTcloud](#)

Features:

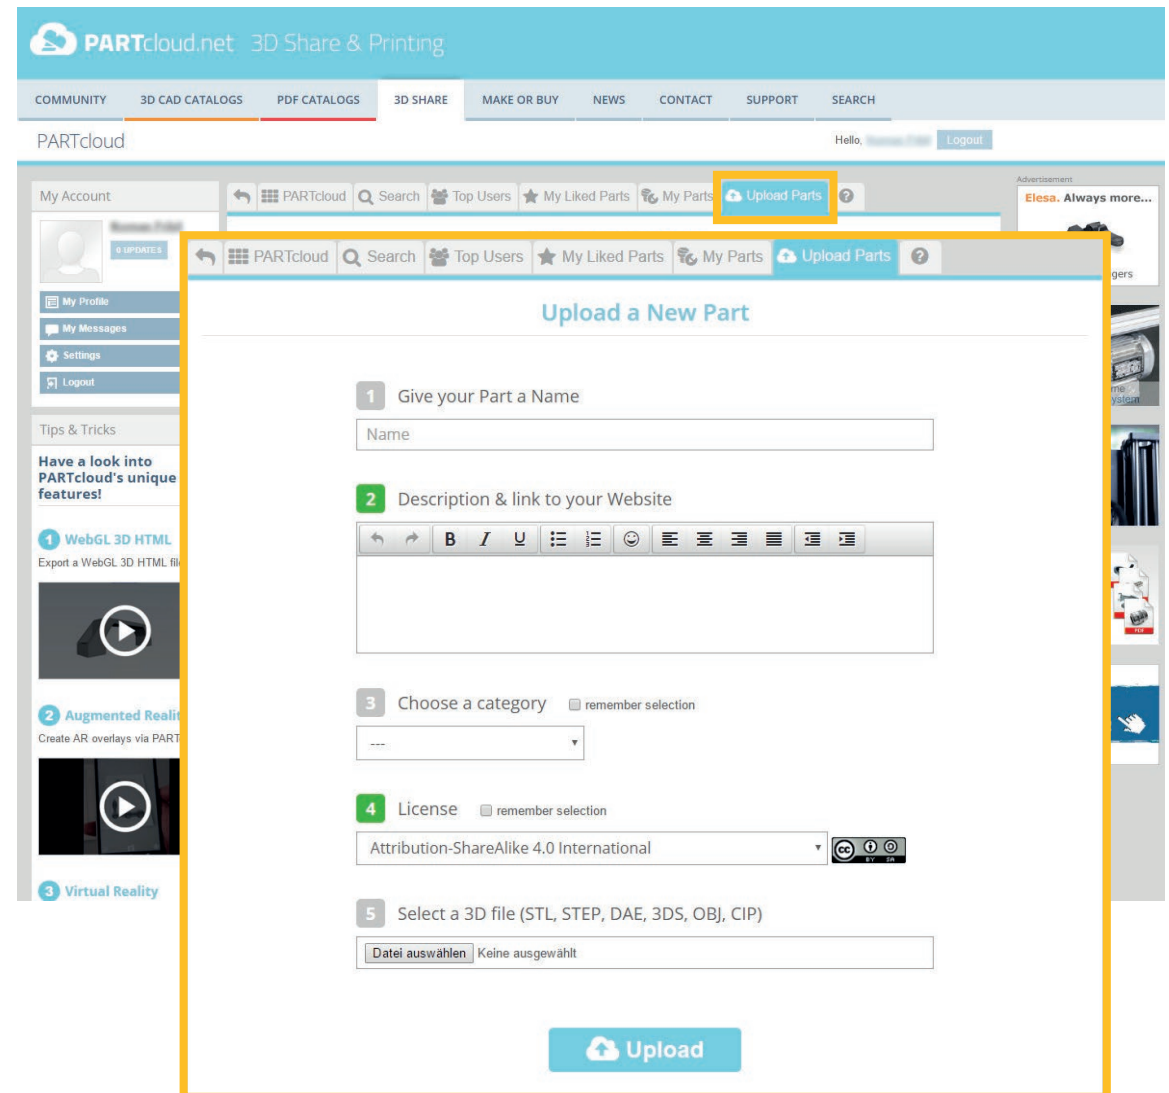

- Easy upload of components in STEP or STL formats
- Adding categories to your uploads is possible (architecture, engineering, ...)
- Number of views and downloads of a part is displayed

3D Share

Share parts at PARTcloud

1. Go to **3D Share > Upload Parts**
2. Fill in your parts' **Name** in field no. one
3. **Describe** your part and **link** it to your website.
4. **Choose a category** in the dropdown menu at no. 3
5. Specify the **license** of your component at field no. 4. If you don't place any information others will not be able to download your model
6. Place the **STL** or **STEP** file
7. By clicking the **Upload** button your 3D part will be shared
